**Subject:** Models for Engagement with health clinics, health centers, and hospitals (PREDICT)  
**Attachments:** PREDICT-Models for Engagement (4.19.17).pdf, Flow-down provisions for US subcontractors\_final.pdf, Flow-down provisions for US subcontractors\_final.docx, Flow-down provisions for foreign subcontractors\_final.pdf, Flow-down provisions for foreign subcontractors\_final.docx

Hi everyone. Please find attached the Models for Engagement with Health Clinics, Health Centers, and Hospitals guidance document that has been discussed on recent Executive Board calls. Please review this document and forward it to any relevant individuals within your organization (e.g. country leads, regional leads, country coordinators, administrative and financial staff (as appropriate), etc.) who are involved with or responsible for engaging with health clinics, health centers, and/or hospitals. Please also note this will be a living document that is updated periodically as new information is made available and/or new guidance is received. All updated versions will be dated and revisions from the previous version highlighted for your reference.

In addition to the Models for Engagement guidance, you will also find attached 2 documents (provided in both Word and PDF format) that include the Mandatory Flow-Down Provisions for all subcontracts issued under the PREDICT-2 prime award (and subawards). There is a version to be used for foreign subcontractors and a version for U.S. subcontractors. In addition to including the required flow-down provisions, the clause below must also be inserted into the subcontract document. Please note that the portion highlighted yellow below will need to be revised if you choose to issue a "Cost Reimbursement Service Contract" (only allowed for subcontractors that are not foreign governmental entities or parastatals).

### ***Mandatory Clauses***

*The following mandatory clauses are incorporated into this contract by reference with the same force and effect as if they were given in full text and shall hereinafter be referred to as "mandatory clauses":*

*The Mandatory Clauses for **Fixed-Price Service (FP SVC) Contracts** as defined by FAR 52.301 Solicitation provisions and contract clauses (Matrix) as provided below.*

**[https://www.acquisition.gov/far/current/html/52\\_301Matrix.html](https://www.acquisition.gov/far/current/html/52_301Matrix.html)**

Please let me know if you have any questions. Thanks!!
